Nutrafin Water Conditioner
Gold Fish bowl conditioner
A7715

Section I. Product identification and uses		Section II. Hazardous ingredients
Product name	Gold fish bowl conditioner	Contain no hazardous ingredients
Chemical formula	Mixture	
Chemical family	Mixture	
Material uses	Aquarium conditioner for Gold fish.	

Section III. Physical data	
Physical state and appearance/Odour	Clear liquid with slight sulphur odour.
pH	8.6-8.8
Percent volatile	Not applicable
Freezing point	28.4 F (-2°C)
Boiling point	Not applicable
Specific gravity	1.015
Vapour density	Not applicable
Vapour pressure	Not applicable
Evaporation rate	Not applicable
Solubility	100% soluble in water

Section IV. Fire and explosion data
Not applicable.

Section V. Reactivity data
Stable.

Section VI. Toxicological properties

Routes of entry

Effects of acute	Very slight dermal and oral toxicity.
------------------	---------------------------------------

Eye	May be slightly irritating to eyes.
-----	-------------------------------------

Skin	Possible irritation with prolonged repeated exposure.
------	---

Inhalation	No specific information.
------------	--------------------------

Ingestion	May cause irritation or disturbances of gastrointestinal. No specific information is available on this material.
-----------	---

Effects of chronic overexposure	Not available.
---------------------------------	----------------

Section VII. First aid measures
--

Eye contact	If irritation persists rinse with plenty of water for at least 15 minutes then consult a physician.
-------------	---

Skin contact	Wash with plenty of soap and water
--------------	------------------------------------

Inhalation	Not available.
------------	----------------

Ingestion	Contact a physician.
-----------	----------------------
