Section I. Product identification and uses	
Product name	Bust it for Dogs
CAS #	Not Classified
Use	Pet stain & odor remover
Supplier	Rolf C. Hagen Inc., 20 500 Trans Canada Hwy, Baie d'Urfé, H9X 0A2
Emergency	Call your local Poison Control Center

Section II. Composition and information on ingredients					
Ingredients	Conc. (%)	CAS #	EINECS #	LD50	LC50
To our current knowledge, this product does not contain any hazardous ingredient, or in sufficient concentration, that would require a declaration in this section in accordance with national regulations.					

Section III. Hazardous ingredients		
WHMIS	Classification	Transport of dangerous goods
To our current knowledge, this product does not contain any hazardous ingredient, or in sufficient concentration, that would require a declaration in this section in accordance with national regulations.		

Section IV. Physical data	
Physical state and appearance/Odour	Amber liquid / Citrus
pH	7.40-7.70
Percent volatile	Not available
Freezing point	Not available
Boiling point	Not available
Specific gravity	1.000 – 1.005
Vapour density	Not available
Odour threshold	Not available

Vapour pressure	Not available
Evaporation rate	Not available
Solubility	Easily soluble in cold water

Section V. Fire or explosion risk			
Flammability conditions			
Not available			
Means of extinction			
Use extinguishing media appropriate for the surrounding materials.			
Procedures in case of a fire			
The increase in pressure resulting from fire or exposure to high temperatures can cause the container to explode.			
Hazardous combustion materials			
None known.			
Flash point	Flammability threshold		Temp auto-ignition
Not available	Minimal	Maximal	Not available
	Not available	Not available	

Section VI. Reactivity data	
Instability conditions	This product is stable.
Incompatible products	None
Reactivity conditions	This product is stable.
Hazardous decomposition products	Under normal storage conditions, there should be no hazardous decomposition products.

Section VII. Toxicological properties	
Routes of entry	
Effects of acute	No known significant effects or critical hazards.
Eye	No known significant effects or critical hazards.
Skin	No known significant effects or critical hazards.
Inhalation	No known significant effects or critical hazards.
Ingestion	No known significant effects or critical hazards.
Effects of chronic overexposure	No known significant effects or critical hazards.

Section VIII. First aid	
Eye contact	Check for and remove contact lenses. In case of contact with eyes, rinse immediately with plenty of water for several minutes. Consult a physician if symptoms develop.
Skin contact	Wash with water. Consult a physician if symptoms develop.
Inhalation	In the event of inhalation, remove the person to fresh air. Consult a physician if symptoms appear.
Ingestion	Do not induce vomiting. Do not give anything by mouth to an unconscious person. Consult a physician if symptoms appear.

Section IX. Accidental release measures	
Person-related safety precautions	Avoid direct contact with eyes.
Measures for environmental protection	Avoid spreading discharge product and keep it from spilling or coming in contact with the ground, waterways, drains and vents.
	Stop a spill if doing poses no risk. Keep spills contained and soak

Measures for cleaning/collecting them up with non-combustible, absorbent material such as sand, earth, vermiculite or diatomite. Then place them in a container for disposal in accordance with local regulations (see section XII).

Section X. Handling and storage

Wear appropriate personal protective equipment (see Section XI). Even though the product is not classified as hazardous, you are recommended not to ingest the product and to avoid direct contact with eyes and skin. Store in the original container or in an approved substitute container that is kept hermetically sealed when not in use. Do not reuse this container.

Store in accordance with local regulations. Store in the original container in a dry, cool, well ventilated area away from direct sunlight and incompatible material (See section VI). Keep the container hermetically sealed when the product is not in use. Once opened, containers should be resealed carefully and kept in a vertical position to avoid spills. Do not store in unlabelled containers.

Section XI. Exposure controls and personal protection

Protective clothing No particular protection required. Avoid direct contact with eyes. (See section VII).

Engineering controls No particular ventilation required. Good general ventilation should be sufficient to control exposure to airborne contaminants.

Section XII. Disposal considerations

Product recommendation Avoid creating or minimize waste. Dispose of excess and non recyclable products in an authorized waste collection provider. Disposal of this product and its solution and by-products should always be in accordance with regulation on environmental protection and waste disposal, as well as the regulations of all local authorities.

Hazardous Waste To the supplier's current knowledge, this product is not considered hazardous waste as defined by North-American Legislation.
